

The Honey-Cake Feast

The sunlit hills of Greece roll down to a bright blue sea, dotted with olive groves, white marble columns, and little towns where everyone knows your name. High above, hidden in the clouds of Mount Olympus, the gods watch over the world, and the hills are full of wonders: riddling sphinxes, kindly centaurs, shy satyrs, and nymphs who sing by the springs. Here a hero is not the strongest or the loudest, but the one who keeps a cool head, asks good questions, and stands by a friend. The grandest deeds are done by being brave and kind and full of ideas. Even a fearsome guardian, met with courage and a fair word, often turns out to be lonelier than it is wicked.
