

The Market of Mixed-Up Magic

The Floating Isles are islands adrift in a calm sky, in a realm where magic only ever helps: it grows, it heals, it changes one thing into another, and it lets you speak with animals and objects. It never harms. On the home island, the House of the Little Mages sits at the highest point, where young mages learn their first spells, and the city where the families live spreads below. Inside the school grounds lies the Great Garden, the green heart of the whole island. Here nobody loses; you find your way by being kind and full of ideas.
